Data communications refers to the transmission of this digital data between two or more computers and a computer network or data network is a telecommunications network that allows computers to exchange data.

Data Communication & Computer Network - Tutorials Point

- Occasionally, students of my courses will reach out to me and say something like, Dave, I really enjoyed Time Management Fundamentals, it's helped me be more productive at work, but I'm having issues with organization and time management at home. What am I supposed to do there? The answer is surprisingly simple, go through Time Management Fundamentals, again, but do it at home.
