

service design rosenfeld media pdf

Service design is the activity of planning and organizing people, infrastructure, communication and material components of a service in order to improve its quality and the interaction between the service provider and its customers. Service design may function as a way to inform changes to an existing service or create a new service entirely. The purpose of service design methodologies is to ...

Services marketing is a specialised branch of marketing. Services marketing emerged as a separate field of study in the early 1980s, following the recognition that the unique characteristics of services required different strategies compared with the marketing of physical goods.. Services marketing typically refers to both business to consumer (B2C) and business-to-business (B2B) services, and ...
